SAVINGS STAMP DAY JUNE 28 IN OREGON

By proclamation of the President, June 28 has been set aside as National War Savings Stamp Day. When mass meetings will be held in every school house and community in the state and where individual quotas will be ascertained to each citizen. Discussion of plans for conducting these meetings and for carrying on the war stamp drive was the purpose of the conference held in Portland yesterday, at which there were more than 400 delegates present from over the state. Those representing Umatilla county were Leon Cohen, manager for eastern Oregon; Roy T. Bishop, county manager; J. V. Tallman, chairman, Patriotic Service League; Dr. F. E. Boyden, all of Pendleton; J. E. Marshall, Mescham; Andy Johnson, Freewater; R. A. Pickering, Pilot Rock; A. Longwell, Echo; W. S. Gleser, Athena.

Those returning from the conference on the train this morning report the meeting as being a most enthusiastic one. For Umatilla county it has been decided to carry on the campaign in much the same manner as has been used in the Liberty Bond and Red Cross campaigns by the Patriotic Service League, and all details of the campaign will be turned over to Secretary M. R. Chessman.

Five months have passed since the sale of thrift and savings stamps started. Up to the present the campaign has been one of education with sales being conducted on a retail scale, and for the remainder of the year it is planned to make sales on a wholesale scale. It will be necessary to do this to complete the quota for the county before the close of the year. Umatilla county's quota is \$450,000. Of this about 25 per cent has been taken up. The campaign all over the country has been lagging. Umatilla county ranks second in the state in stamp sales, and yet has sold only about half the amount that should have been sold at this time. Oregon stands the fourth state in the union in sales.

The general plan in Umatilla county will be to make up the quota by personal solicitation. Purchasers of stamps will be requested to sign pledge cards. The pledge will be to purchase a stated amount of stamps at a stated place, at stated times. Credit will be allowed on these cards for the amount already purchased. The cards when signed will be returned to the secretary of the league and will later be filed at the places designated for purchasing them.

Abraham Lincoln was the central figure of the convention, that met in an old convention hall in Bloomington and nominated a state ticket in 1858.

RENEWED TESTIMONY.

No one in Pendleton who suffers back ache, headaches, or distressing urinary ills can afford to ignore this Pendleton woman's twice-told story. It is confirmed testimony that no Pendleton resident can doubt.

Mrs. Wm. MacGregor, 711 Lillith St., says: "I suffered from terrible pains in my back and my feet and ankles swelled. I often had to gasp for breath and sometimes had to be helped around. After everything else had failed to help me, I used Doan's Kidney Pills and they cured me." (Statement given May 18, 1918.)
